MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Sprague Committee Paper

1. This memorandum is for the information of the DCI.
2. Attached is a copy of a final draft of a staff paper on the impact of developments in science and technology in the United States on foreign opinion. An earlier draft of this paper was sent to you on 18 May and was returned to me at the meeting of the Committee on Monday of this week.
3. I understand that the Committee staff relied very heavily on the Office of Scientific Intelligence of CIA in preparing this report.

John A. Bross
